Évi Darabos  
**MATERIALS USED**  
Fiber Vitamine Gel, Elastic Cover Pink & Milky Pink Gel,  
Glue Gel, NailStar Strass, Speed & Shine Top Gel

## PERFECT BABY BOOMER NAILS

Prep the natural nails and apply Perfect Prep Spray on them. Apply Elastic Cover Gel onto the nail bed, then use an Ombre brush to slightly pull the color towards the free edge. Cure this halfway. Fiber Vitamine Gel is to be applied on the free edge, then slightly pulled towards the nailbed with an Ombre brush. Once again, cure halfway. Cover the whole nail with Elastic Milky Pink Gel, form a C-curve if needed, then cure completely. Remove the sticky layer with Aroma Cleaner, then file the nail surface as needed. Apply a flexible top coat as the final step (Speed & Shine Top Gel).

**CURE TIME:** UV 2 min., UV/LED 60 sec.

*Perfect Tip*

We highly recommend our Ombre brush in order to achieve a perfect blend of colors.

LET THE STAMPS DO THE TALKING

New

Simple and ingenious solutions for quick and easy, creativity-boosting designs.

## STAMPING NAIL POLISH

The new Perfect stamping nail polishes are available in classic colors, suitable for all styles and nail art designs.

## STAMP SCRAPER

Extra slim, bendable plastic card that leaves an ideal amount of nail polish in the nooks and crannies of the stamping plates.

CLEAR

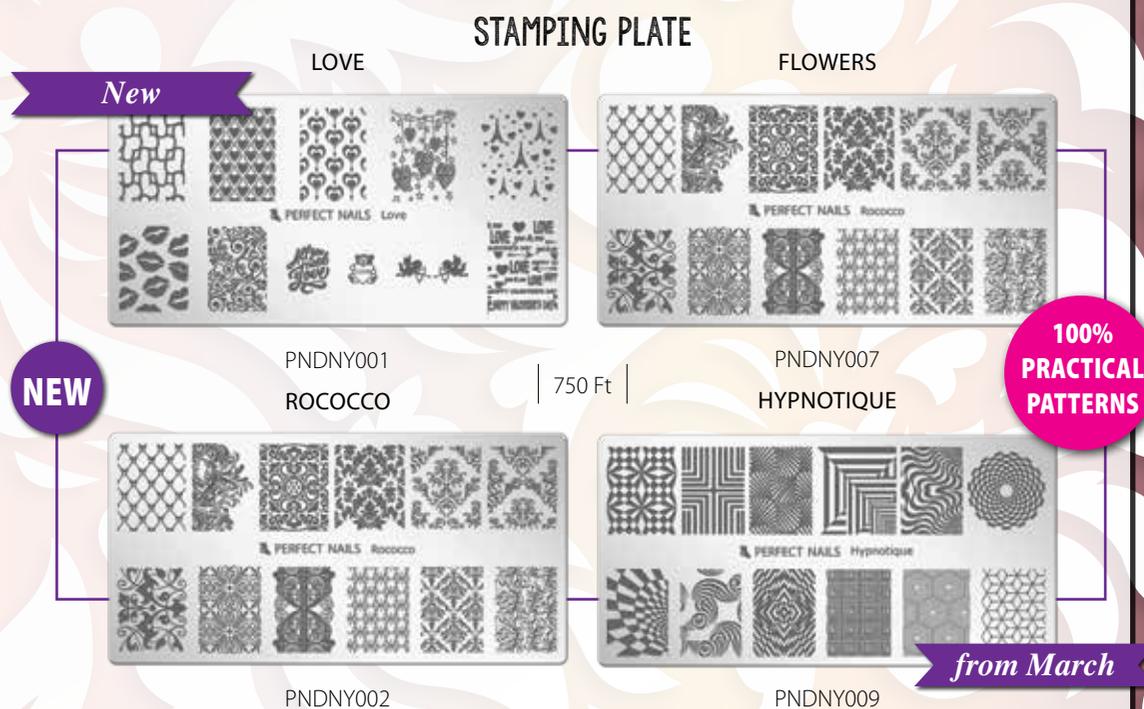

PNDNY011

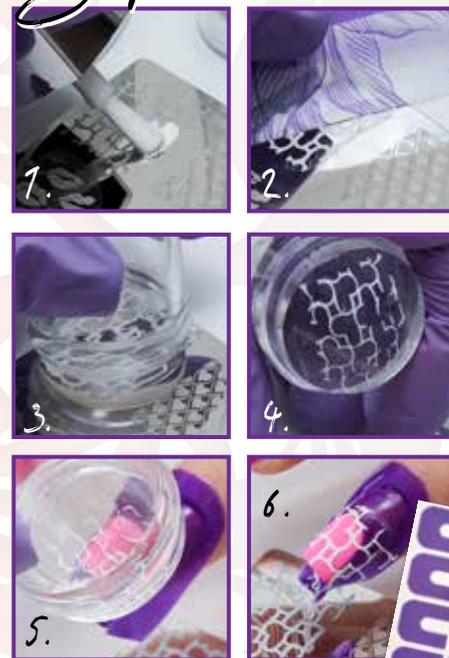

FROSTED CLEAR

PNDNY012

Step by step

Remove the protective foil from the stamping plate before use, and thoroughly clean its surface with acetone. Using acetone-free nail polish remover, gently clean the surfaces of the stamper.

1. Apply stamping nail polish on the selected pattern.
2. Using the scraper tool, remove the excess nail polish from the stamping plate.
3. Take the stamper, and roll it dynamically over the pattern to pick it up.
4. With the help of the stamper, find the desired position for the pattern on the nails, then gently roll the pattern onto the nail.
5. After removing the protective silicone stickers from the skin surfaces, apply a flexible shine gel (e.g. Extreme Gloss Gel), or in case of nail polish, a top coat as the final step.

Perfect Tip

Using a protective silicone sticker around the nail guarantees a mess-free application. These stickers are easy to adapt and they stick to nails of any size and shape.

# Basic Drill Machine

SEMI-PROFESSIONAL DRILL MACHINE WITH MICROMOTOR

from March

*A compact, streamlined, modern and highly portable design make our semi-professional drill machine a perfect choice as a first or on-the-go drill. Super strong, portable drill without excessive vibrations.*

## DESCRIPTION

Streamlined drill machine within a compact body. A powerful, advanced micromotor provides seamless change of rotation speeds between 0 and 20 000 rpm. No excessive vibrations, and the handpiece is gentle on the nail surface. Recommended for beginner and advanced nail techs for nail extensions and manicure techniques.

## Perfect Tip

Use our silicone dust rings that prevent dust from entering the handpiece of the drill during the filing process. As such, the chuck of the handpiece is protected, extending the lifecycle of the handpiece.

# Aurora & Unicorn Powder

## HOW TO USE

Apply on halfway-cured, no-cleanse top coat (e.g. Speed & Shine Top Gel) with an ombre sponge. Start with applying the unicorn powder by gently tapping it on the nail from the cuticle area up to the free edge. Then rub the applied powder layer on the nail to achieve the mirror effect. Finish with a flexible shine gel (e.g. Flexi Top Gloss).

*Perfect Tip*

After rubbing the chrome powder on the surface of the nail, two coats of flexible top coat can be applied to increase durability. Sealing the free edge with top coat minimizes chipping.

*Multi-colored,  
 finely milled chrome powders!*

# Classic Blue

COLOR OF THE YEAR 2020

article

*“A boundless blue evocative of the vast and infinite evening sky, Classic Blue encourages us to look beyond the obvious to expand our thinking.”* - Leatrice Eiseman, Executive Director of the Pantone Color Institute

## Classic Blue is Color of the Year in 2020

In 2019, Pantone gave us “Living Coral”, a pastel pink-orange shade, and now a cobalt hue, “Classic Blue” has been chosen as Color of the Year 2020. According to Pantone, this magnificent Classic Blue shade brings a sense of peace and tranquility to the human spirit while instilling confidence and connection.

*Classic Blue brings  
A SENSE OF TRANQUILITY  
and confidence*

## What is “Pantone”?

The Pantone Color System is one of the most important color systems in the world today. It was established in 1963 for the printing industry: each shade of each color received a code, and these were compiled into a sort of Big Book of Colors. This color system is used for industrial purposes, ensuring that the shade during the production phase matches the one specified in the design phase.

MATERIALS USED  
Elastic Hard Gel, LacGel #188, LacGel Rapid #001, Stamping Plate Rococco, Stamping Nail Polish White, Glue Gel, Micro Pearl XS Silver, NailStar Strass Crystal AB, Extreme Gloss Gel

## How should you use the Color of the Year?

Blue combined with some white and silver create an icy effect for January and February. Use our #144 or CatEye #004 lacgel and supplement the blue shade with some silver or gold Diamond Flitters and white Spider Gel. If you only want to follow the trend in your nail art designs, apply our Perfect Pixie or Nail Confetti products. A toned-down version of the blue trend can be achieved with NailStar cobalt crystals.
